We conducted our reasonable assurance engagement in accordance with International Standard on Assurance Engagements 3000 (Revised), 'Assurance Engagements other than audits or reviews of historical financial statements' (ISAE 3000) (Revised) issued by the International Auditing and Assurance Standards Board. A reasonable assurance engagement also includes assessing the applicable criteria used and significant estimates made by management, as well as, evaluating the overall presentation of the Statement.

We have carried out the procedures considered necessary for the purpose of providing reasonable assurance on the Statement. Our assurance procedures performed included verification of information in the Statement with the underlying data and record comprising of Central Depository Company statements, forms submitted by the Company with Securities & Exchange Commission of Pakistan relating to its pattern of shareholding and other related information. Verification that the computation of free float of shares is in accordance with the PSX regulation also forms part of our assurance procedures.
